Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by US Pat. 2929907.

Noting firstly that the recitation of “depilation device” and “a storage space... for accommodating a store of depilation tape” refer strictly to the intended use of the device, US'907 discloses, at Figs. 1-4, col. 3, lines 20-39, and col. 4, lines 8-38, a housing 11, 12, 13, 14 with a storage space 16, a heating device 30 comprising a “plate-shaped heating wall designed for direct co-operation with the depilation tape,” and “pressure means” 51 “opposite the heating device.”

Applicant is strongly urged to review the prior art cited but not applied when replying to this Office action.

Allowable Subject Matter

Claims 2-6 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
